LOCAL LACONICS

A Continued Story of Local Happenings That Are of Interest to Our Many Readers.....

Fine cool clothes at Dodd's. Miss Gladys House is in Nashville.

Mr. Arthur Jones was in Huntingdon the first of the week.

Mr. John Gardner and wife, of Martin, were here Sunday.

Mr. Roy Martin, of Little Rock, Ark., was here Sunday.

Miss Mary Sue Mooney is here with her mother for the summer.

Miss Laverne White left Monday to visit relatives in Nashville.

Mrs. Dora Travis is spending several weeks with relatives in Fulton.

Dr. and Mrs. R. M. Little and children, of Martin, are guests of relatives here.

Rev. Fred Chunn will begin a meeting at Antioch church on Wednesday, July 5.

Miss Lilly Bragg left Tuesday for Paris, to spend a few weeks with relatives and friends.

Miss Irene Adams, of Gleason, has returned from a visit to Miss Laverne White.

Fine lot comb and strained honey at Dodd's store, at Martin, 10 to 15c. Get your supply while it lasts.

Special low prices now on ladies' suits, waists, skirts, silk petticoats, laces and embroidery.—Dodd & Son.

Dr. Simmons, who left Dukedom some months ago for Virginia, blew back into the old town one day last week, and says "never again" will he leave the good old county of Weakley.

Cedar Grove lodge, No. 100, Woodmen Circle, Sidonia, will unveil the monument of Mrs. Luther Marlow on next Sunday afternoon. Appropriate services will be held in connection with the unveiling and all interested are cordially invited.

The registration books for Dresden, Martin and Greenfield districts will be open for three days—July 11, 12 and 13—for supplemental registration. This is done to give those who have not registered for the regular August election an opportunity of doing so.

On July 1, at the semi-annual meeting of the board of directors of the Bank of Sharon the successor to W. E. Tansil, deceased, will be chosen, and it is expected that Mr. Robt. Moore, the efficient assistant cashier for a number of years, will be elevated to the place made vacant by Mr. Tansil's death, and Mr. Robt. Tansil to take Moore's place. They are most worthy young gentlemen and their selection for these places of honor would meet the approval of many patrons of the bank.

Bennie Taylor brought to this office on last Friday an ear of corn that is a genuine curiosity. Clustering about the mother ear are seven small ears, all pretty well rounded out and bearing almost perfect grains. One of the smaller ears is tassled. The ear of corn is now on exhibition in this office.

The damaging rains are not annoying B. G. Butler, of Martin, very much. Mr. Butler has an acre of cabbage on his farm, west of Martin, from which he has already cut and sold \$400 worth of cabbage. He brought in new tomatoes last week, too, this being the first home-grown tomatoes marketed in this county, getting \$1.25 per case of four baskets.

Had the roads received dragging following the recent rains they would now be in fine condition for travel and there would be less dust later on; but, under the present system, there seems to be very little interest in the road question. Let the Enterprise urge the frequent use of the split-log drag on all dirt roads.

The east-end water main will be extended to the residence of Walter Smith, out on the Gleason road, the municipality paying the expense of extension as far as the east corporate limits and Messrs. Smith and Fulton carrying the main on at their expense. This main goes by the lot on which Mr. Fulton is planning to build this summer.

Attorney Talbert Frances came to Dresden on last Monday stepping mighty high. A meeting of the bar was summoned to investigate the lawyer's antics, when it was ascertained that on Wednesday of last week a little miss put in her appearance at the Francis home, where she will reside indefinitely. Congratulations were extended by Attorney Frances' colleagues here.

Information comes from Nashville that Mr. Jamie Little, son of Mr. Bud Little, who took a position in the Union station ticket office two weeks ago, is making good, getting an increase of salary to \$60 the month, effective July 1. Jamie is one of our best boys, who sticks to a thing once undertaken, and is now reaping a just reward. We congratulate him.

Deputy U. S. Marshal Jim Etheridge brought in another bootlegger on Monday. A mute, Jesse Acree, from Austin Springs, was brought here by the officer on Monday charged with tipping. His trial was set for Thursday. The old man, Wilson, brought in last Saturday by Etheridge and Tarry waived examination before Commissioner Eskridge and was bound over to await the action of the federal grand jury at Jackson.

The Enterprise and Commercial Appeal both one year for only \$1.25.

Two more of the Dresden boys left Saturday night for Lansing, Mich., to accept employment in the wheel factory—Hubert McWherter and Ernest Bowlin. This makes a dozen of our boys who have gone away during the past several weeks seeking employment in the automobile factories of the north. All, so far as we know, are making good, and we predict prosperity for them.

Locust camp, W. O. W., Dresden, will give a uniform rank parade on the square in Dresden on July 4 in connection with the celebration. There will be seventeen men in the parade, and they will do some interesting drill work for the entertainment of the general public. This promises to be one of the most interesting features of the day, and all Woodmen are urged to be present and witness the drill work by the Dresden W. O. W. boys.

Plans are being formulated by T. J. Taylor of Martin, president of the West Tennessee Business Men's league, for one of the most interesting convention programs yet enjoyed by the league. The convention will be held July 18 and 19 at Dyersburg. The Dyersburg people are making elaborate arrangements and speakers from all over the south will address the convention on the various important issues facing the people of West Tennessee.

Our very efficient and obliging county court clerk, Mr. W. J. Jeter, spent several hours in Trenton some days ago, and while there had opportunity of observing the manner and method of road building and maintenance. He says that in that county the county judge supervises all road, bridge and levee work; that Judge Powers takes a personal interest in every piece of work done. Mr. Jeter also states that in Gibson county the automobile tax is being used for dragging the roads and as a result Gibson has an ideal system of dirt roads—wide, well rounded and as smooth as a concrete pavement.

Some weeks ago the Enterprise announced that S. S. Featherston and J. R. Garrett had been elected principals of Laneview college, Gibson county. Mr. Garrett has since tendered his resignation, he having been re-elected at Bethel college, McKenzie, and Prof. R. V. Atkins will take his place at Laneview, being co-principal with Mr. Featherston. We consider Atkins one of the leading educators of the county, and Laneview college is to be congratulated upon securing his services, along with Mr. Featherston. This makes a mighty strong team. We have observed Atkins' course as a teacher and do not hesitate in pronouncing him a leader in his profession.

OLDER BUT STRONGER

To be healthy at seventy, prepare at forty, is sound advice, because in the strength of middle life we too often forget that neglected colds, or careless treatment of slight aches and pains, simply undermine strength and bring chronic weakness for later years.

To be stronger when older, keep your blood pure and rich and active with the strength-building and blood-nourishing properties of Scott's Emulsion which is a food, a tonic and a medicine to keep your blood rich, alleviate rheumatism and avoid sickness. No alcohol in Scott's.

FAMILY AVOIDS SERIOUS SICKNESS

By Being Constantly Supplied With
Thedford's Black-Draught.

McDuff, Va.—"I suffered for several years," says Mrs. J. B. Whittaker, of this place, "with sick headache, and stomach trouble.

Ten years ago a friend told me to try Thedford's Black-Draught, which I did, and I found it to be the best family medicine for young and old.

I keep Black-Draught on hand all the time now, and when my children feel a little bad, they ask me for a dose, and it does them more good than any medicine they ever tried.

We never have a long spell of sickness in our family, since we commenced using Black-Draught."

Thedford's Black-Draught is purely vegetable, and has been found to regulate weak stomachs, aid digestion, relieve indigestion, colic, wind, nausea, headache, sick stomach, and similar symptoms.

It has been in constant use for more than 70 years, and has benefited more than a million people.

Your druggist sells and recommends Black-Draught. Price only 25c. Get a package to-day.

N. C. 123

No. 666

This is a prescription prepared especially for MALARIA or CHILLS & FEVER. Five or six doses will break any case, and if taken then as a tonic the Fever will not return. It acts on the liver better than Calomel and does not gripe or sicken. 25c

Notice to Subscribers.

We have many subscriptions on our list which are falling due or have already fallen due, and these must be paid in the near future. Owing to the extreme rise in the price of paper, we must collect closely, and we trust all our subscribers will meet our collectors half way and pay promptly. In fact, it is a losing venture, and we cannot have our collectors to make a number of trips to collect the small sums due. We want all our subscribers to continue with us, and we are trying to give the very best county paper in the state—the largest amount for the price paid. This can only be done by the strictest economy and the smallest losses. Kindly help us, and you will get the benefit in the service we can furnish.
